PRODUCTS AND PRICING

WELCOME

Welcome to my 2023 pricing and product list.

I have lovingly selected modern, yet timeless products that will stand the test of time and bring you and your family joy for many years to come.

I want you to proudly display your family pictures in your home, not store them on hard drives, or tucked in a drawer on a USB.

I provide you with an online gallery so that you can view your images from the comfort of your home at your leisure so you can decide what products are right for you without feeling under any pressure.

Please do get in touch if you have any questions or need any help choosing.

FINE ART ALBUMS

Beautiful Handcrafted Photo Albums in Dolomiti Suede.

- Soft, smooth and delicate to touch.
- Eighteen Colours to choose from.
- Beautifully Finished Square Corners.
- Thick, Sturdy Pages, Printed On Fuji Archive Silk Paper In Silver Halide Technology.

FINE ART PRINTS

Print your photos on Giclée Fine Art quality papers from Hahnemühle. These are beautiful, tactile prints designed to retain tonality and last. Your prints will be professionally printed with a fine art flair, using a UK professional printer because the quality they produce is not something you can get from a high street or online printer.

WALL ART

Ready to hang, beautifully framed, fine art prints.

Display your chosen image in a classic, ready-to-hang frame. You can choose from different colours to suit your home interior - either sleek black, minimalist white, or a light birch wood effect.

They all come with a clean white mount.

Framing and hanging your family photos is a classic way to decorate your home with precious memories.
